

### Features

- Small footprint
- Double pole
- All mode hybrid protection with Gas Tube and thermally fused Metal Oxide Varistor suppression
- 25 year warranty

### Specifications

System Voltage	120/240 & 120 VAC Single-Phase
Maximum Continuous Voltage (MCOV)	150 Line-Ground, 300 Line-Line
Nominal Discharge Current (In)	10 kA
Maximum Surge Capacity (Imax)	50 kA
Voltage Protection Rating (VPR)	700 Volts Line-Ground
Fault Current Rating (SCCR)	100 kAIC
Suppression Technology	MOV / Gas Tube
Operating Temperature °C	-40°C - +80°C
Enclosure Type	NEMA 4X Indoor/Outdoor
Connection Type	Lead Length: 15" / #14 AWG
Standards	UL 1449 5th Edition Type 1 Listed, cUL Listed, IEEE IP 65, IEEE C62.41

### Component Layout & Dimensions
